EXPERIENCE

Python Full Stack Developer intern

JAN.2026 – APR.2026

Qspiders

Bangalore .Karnataka

QSpiders is a professional software training institute based in Bangalore that provides industry-oriented training in software development technologies like Python, Java, testing tools, and full-stack development, focusing on practical implementation and project-based learning.

- Contributed to the development of one full-stack web application project using **Python, Django, MySQL, HTML, CSS and Javascript**, implementing both backend logic and frontend features.
- Wrote optimized MySQL queries and handled CRUD operations to ensure efficient data management and smooth application performance.
- Collaborated with team members during project development, participated in code reviews, debugging sessions, and improved code quality by following clean coding practices.

PROJECTS

Medical Data Extraction Web Application

- Developed a backend system for automating medical data extraction using **Python and Django**, improving the efficiency of processing patient records and prescriptions. for students and parents with Trello, Miro, and Google Suite
- Implemented image-to-text processing workflow using **OCR** techniques and applied data validation logic before storing extracted information into **MYSQL** database.
- Designed responsive frontend interfaces using **HTML, CSS, and JavaScript** to allow users to upload documents and view extracted medical data in a structured format.

File Arranger System

- Developed a File Arranger System using Python that automatically organizes files into categorized folders based on their file type (**documents, images, videos**, etc.).
- Implemented file system automation using Python libraries such as **os** and **shutil** to detect, sort, and move files efficiently.
- Designed logic to scan **directories**, identify file **extensions**, and create folders dynamically if they do not already exist.

SKILLS

Programming Languages : **Python , Javascript , SQL**

Backend Technologies : **Django , REST API , JWT Authentication**

Frontend Technologies : **HTML5, CSS3, Javascript, React.Js**

Tools & Plateforms : **Git, GitHub,Postman, Render,Netlify**

EDUCATION

Sagar Institute Of Research And Technology Bhopal (RGPV)

MAY.2022 – MAY.2026

BHOPAL (Madhya pradesh)

B.tech

Computer Science And Engineering
